LUXURY MARBLE-LOOK COLLECTION

Discover our new luxury marble-look collection,
blending timeless elegance with modern design.

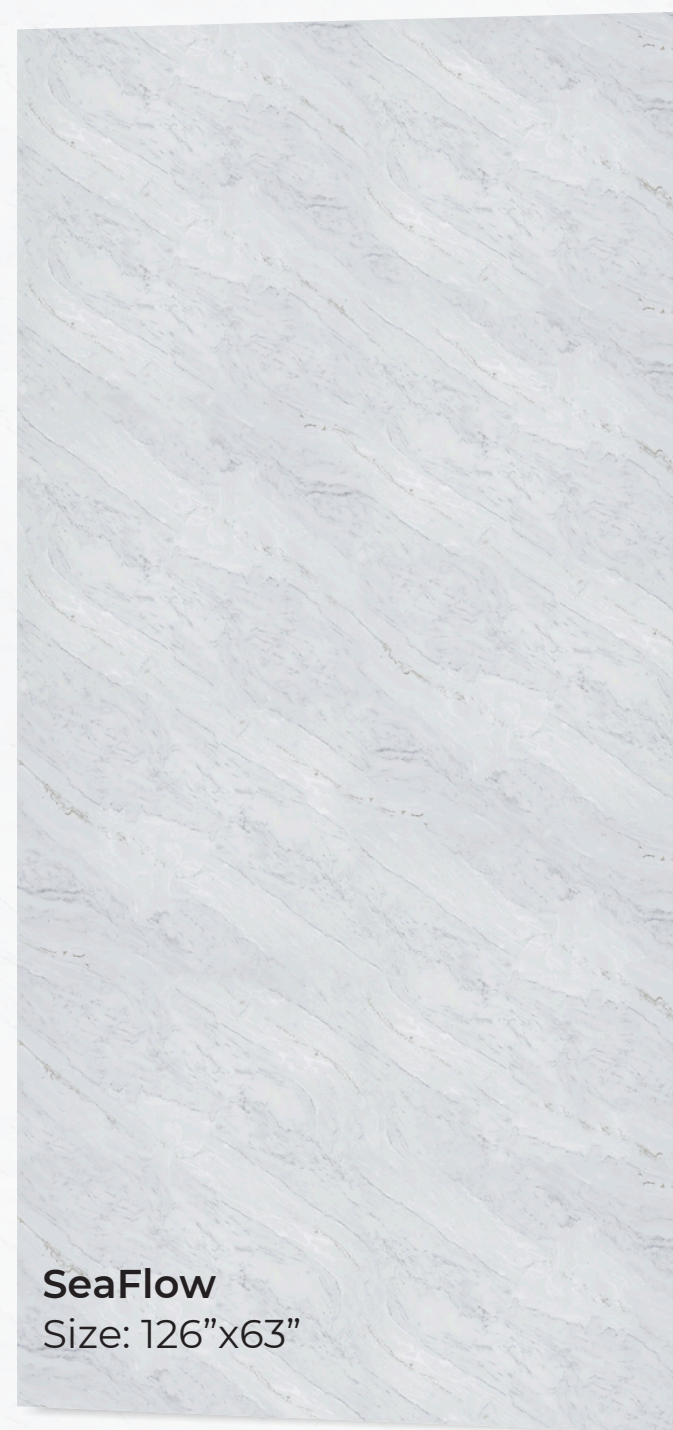

Marine
Size: 126"x63"

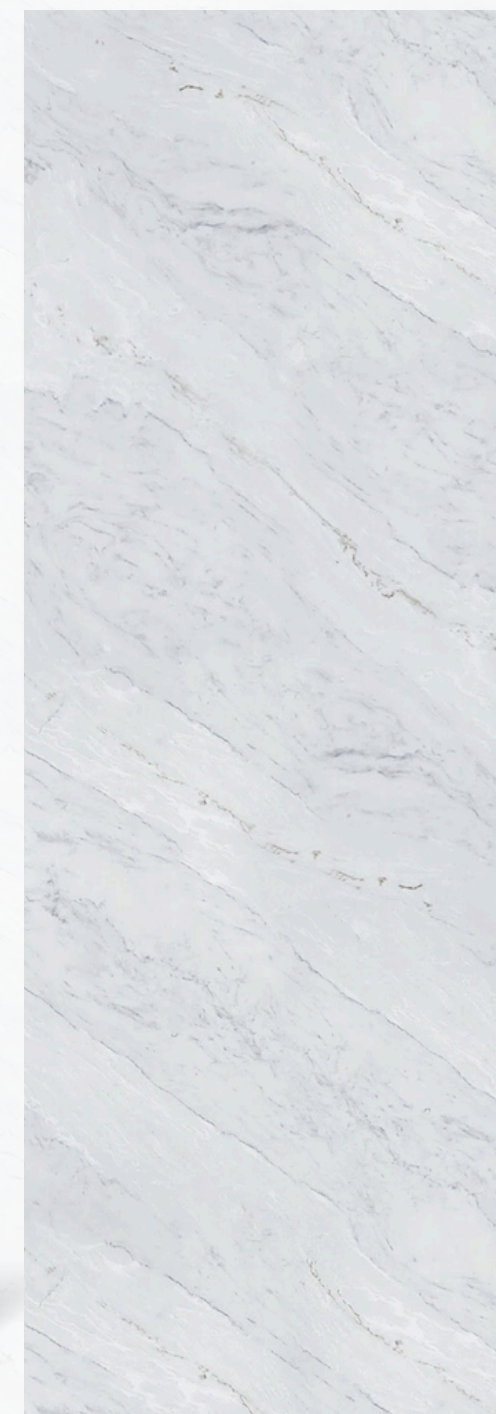

Whispers of Elegance in Every Vein

The Marine evokes a sense of refined elegance and lightness, blending soft gray tones with graceful veining—reminiscent of gentle waves quietly rippling across a calm sea. A harmonious interplay of stillness and subtle movement.

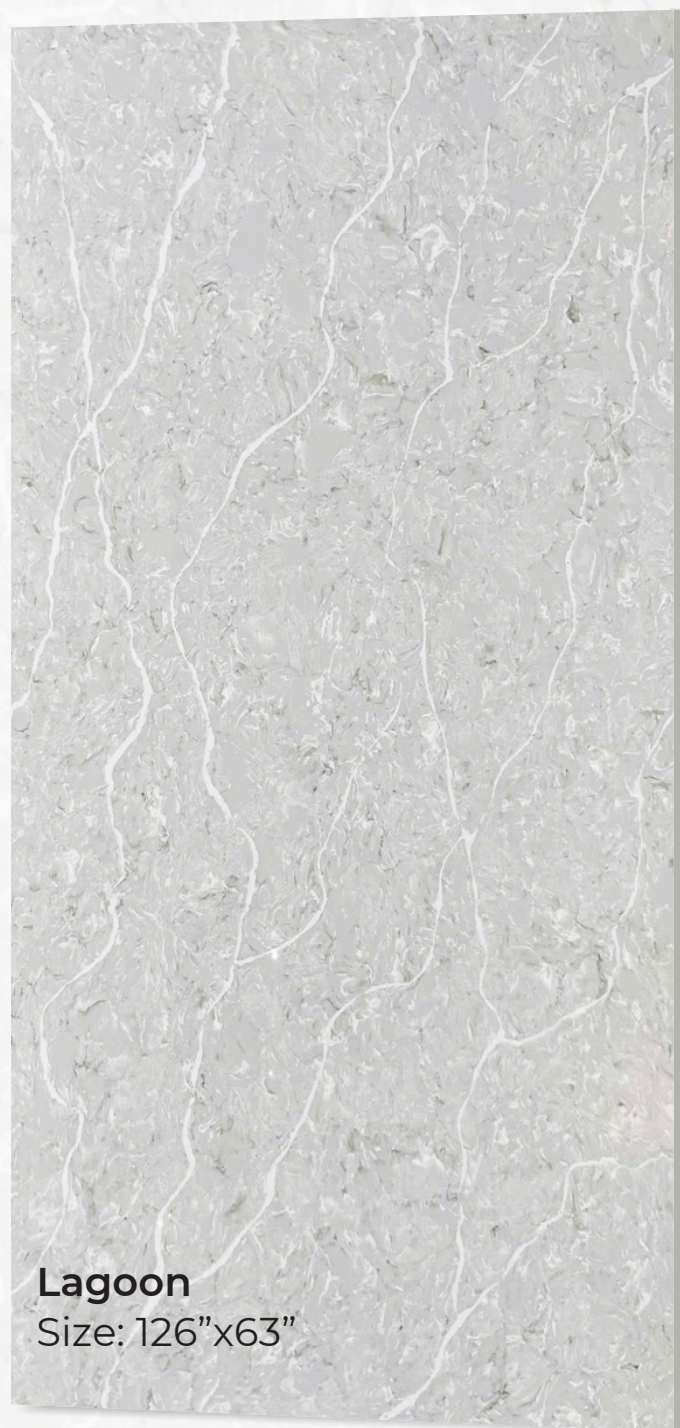

SeaFlow
Size: 126"x63"

Tides of Tranquility, Etched in Stone

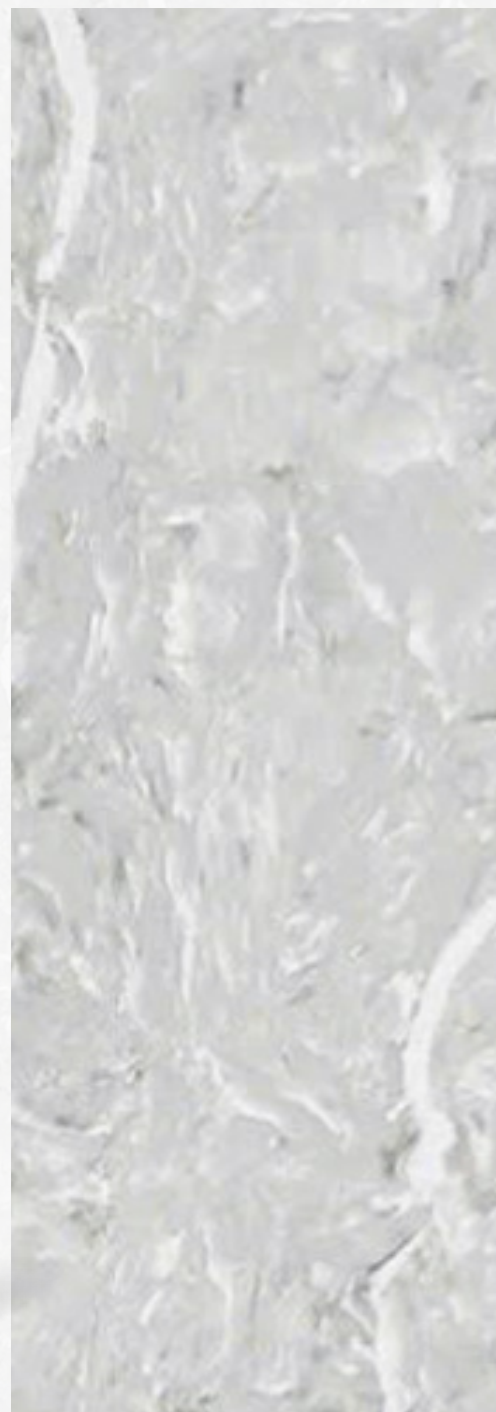

Inspired by the gentle movement of the sea, Seaflow features soft white and light gray tones reminiscent of ocean foam. Its delicate veining blends seamlessly into the surface, creating a sense of natural depth and realism. An ideal choice for nature-inspired, coastal, or minimalist spaces.

Lagoon
Size: 126"x63"

Where Water Flows, Beauty Emerges

Lagoon draws inspiration from the serene beauty of a coastal lagoon, where clear waters and natural light meet in harmony. Its free-flowing, multi-directional veining mimics the layered textures of the lagoon floor, with soft white veins rippling like gentle waves on a calm sea.

Venato
Size: 126"x63"

The Stillness of the Sea, Cast in Stone

Venato Grey evokes the mystique of the deep ocean with a soft gray base and graceful white veining that flows like gentle waves. Its natural patterns add depth and a refined, organic beauty.

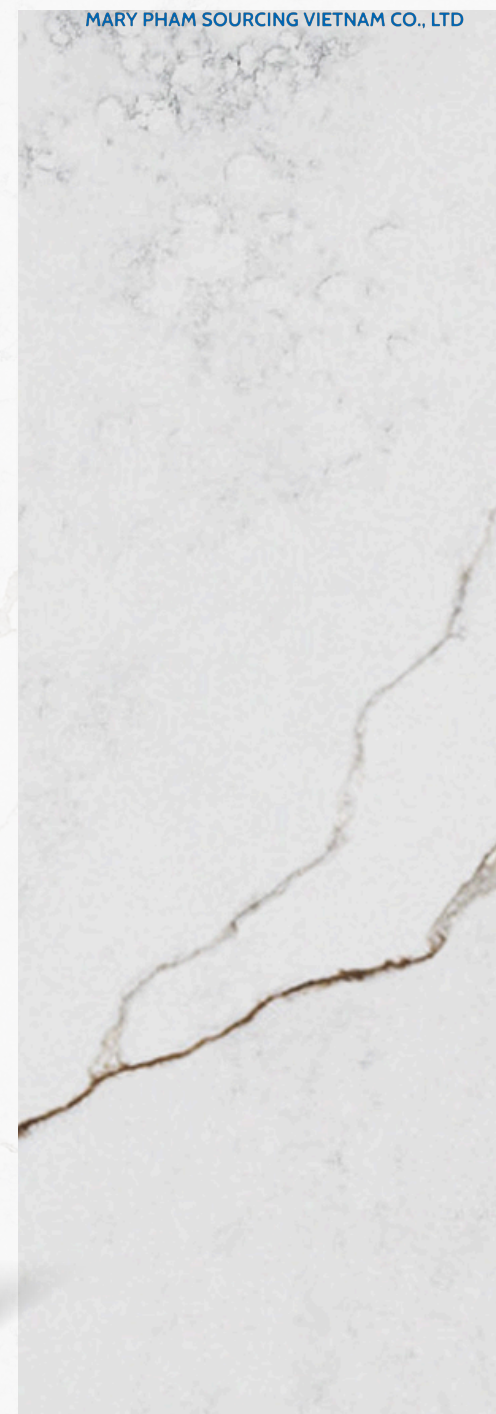

NEW CALACATTA COLORS COLLECTION

Calacatta Allure
Size: 126"x63"

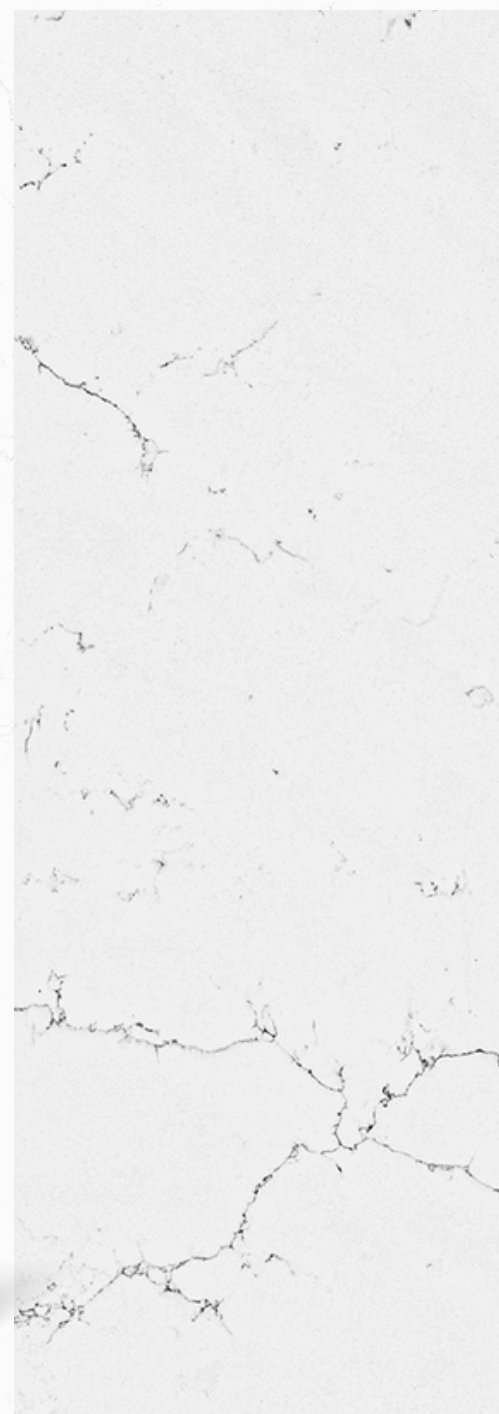

Where Petals Inspire Stone

Calacatta Allure boasts a pristine white base, symbolizing elegance, cleanliness, and simplicity. The soft, organic marbling effect spreads naturally across the surface, reminiscent of delicate flowers blossoming in spring. The gentle blur and inconsistency in the veins evoke a sense of softness and nature, re-sembling the misty beauty of morning dew on flower petals.

Fogbeam
Size: 126"x63"

The Essence of Tranquil Mornings

The veins on the surface are subtly woven in a flowing, gentle pattern, evoking the soft drift of mist through the air. These delicate curves enhance the sense of movement yet maintain a calm and natural feeling like the morning fog drifting softly across the landscape.

Lumi Snow
Size: 126"x63"

Pure Elegance Inspired by Winter

The Lumi Snow Quartz Slab, from the Traditional Quartz Series, features a soft white base blended with subtle shades of light gray, evoking the serene purity of freshly fallen snow. This multi-tonal surface captures the delicate beauty of winter, offering a soothing and tranquil aesthetic reminiscent of snowfields blanketed in silence.

Calacatta Bloom
Size: 126"x63"

A Blooming Touch of Elegance

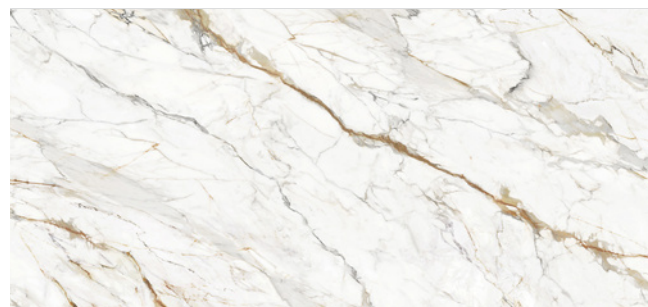

Calacatta Bloom features a creamy white base with delicate gold and light gray veins, reminiscent of flowers blooming under the warmth of sunlight. The soft, natural hues evoke a sense of freshness and tranquility, making it an ideal choice for creating elegant and stylish interiors.

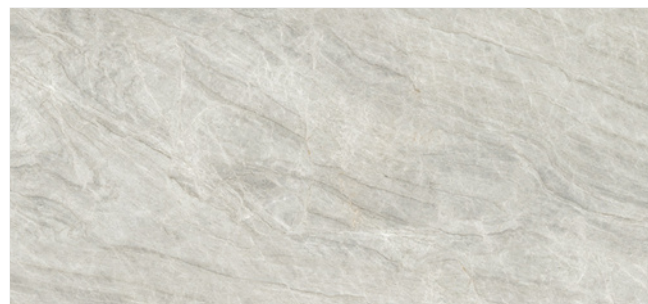

PRINTED QUARTZ

Our printed quartz comes with a through-body design, where the veining and patterns run consistently throughout the entire thickness of the slab not just on the surface. This advanced feature gives our slabs a more authentic, natural stone look and allows for seamless fabrication, including mitered edges and detailed cutouts, without interrupting the visual flow.

Aurora

Vesper
Size: 126"x63"

Vesper Elegance of Sunset in Stone

The Vesper slab, part of the Printed Quartz Series, captures the gentle and enchanting beauty of sunset through advanced vein-printing technology. Its luminous white base resembles the twilight sky, subtly adorned with soft grey, light brown, and pale gold veining—evoking clouds and the fading glow of the setting sun. The interwoven veins resemble silhouetted landscapes at dusk, offering both softness and depth, creating a refined and visually captivating interior space.

Gemini
Size: 126"x63"

A Touch of Contemporary Sophistication

The Gemini Printed Quartz Slab features a striking white base complemented by bold, deep veins in shades of grey and subtle golden highlights. This sophisticated design creates a unique and contemporary visual that effortlessly blends with modern and classic interior styles. The veins, spread randomly across the surface, resemble organic patterns, adding depth and elegance to the overall look.

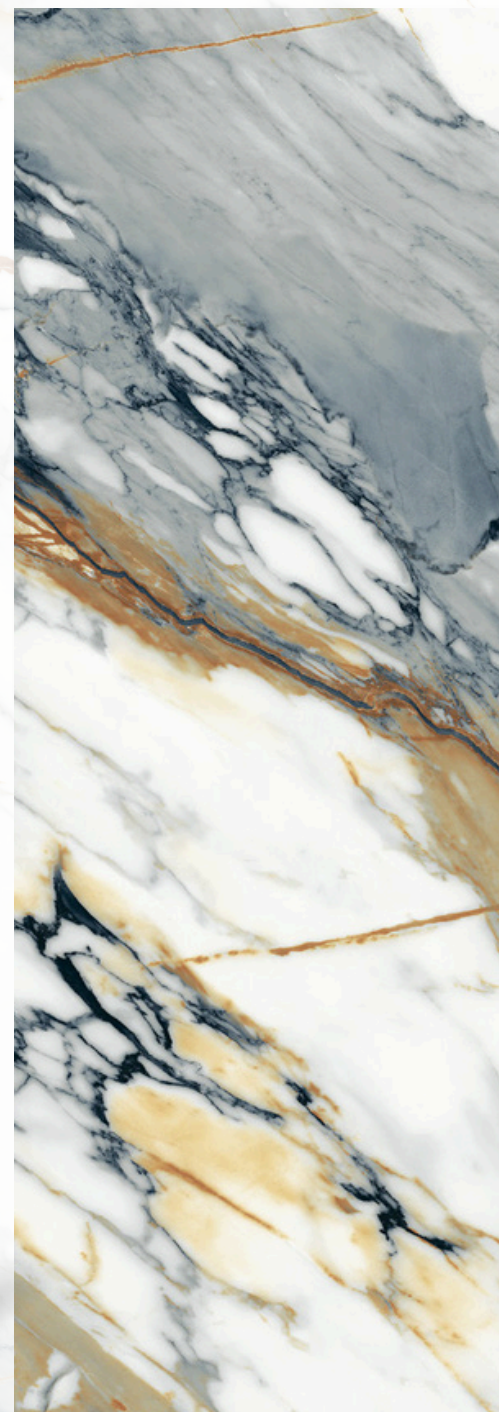

Carina
Size: 126"x63"

A Harmonious Blend of Earthy Tones and Elegant Veining

The Carina Printed Quartz Slab features a soft cream and beige background, exuding warmth and tranquility, with delicate veins of rich brown and gold that flow across the surface. The intricate veining creates a natural and dynamic appearance reminiscent of fine marble.

Aurora
Size: 126"x63"

A Dazzling Display of Color and Elegance

The Aurora Printed Quartz Slab boasts an exquisite design, bringing the allure of nature's colors into your home. Its pristine white background is beautifully adorned with a complex network of veins in deep blues, rich golden hues, and soft grays, creating a stunning visual contrast. The bold veins ripple across the surface, evoking the movement and energy of the aurora borealis, giving the slab its unique name.

Riser
Size: 126"x63"

A Bold Statement of Luxury and Elegance

The Riser Printed Quartz Slab presents a stunning design, combining the timeless elegance of white marble with the striking contrast of gray veins. Its soft white base creates a clean, bright atmosphere, while the gray veining adds depth and character, flowing gracefully across the surface. The veins occasionally tinged with delicate golden hues, evoke the beauty of nature's ever-changing landscape, adding a touch of warmth and sophistication.

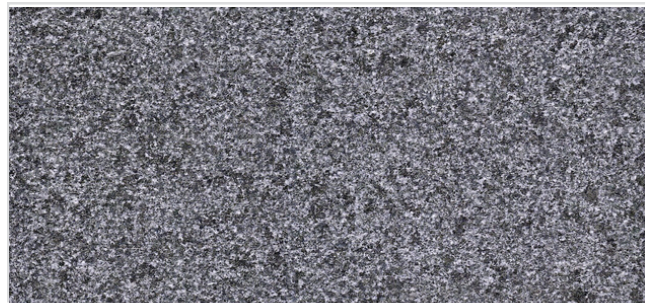

Natural Stone

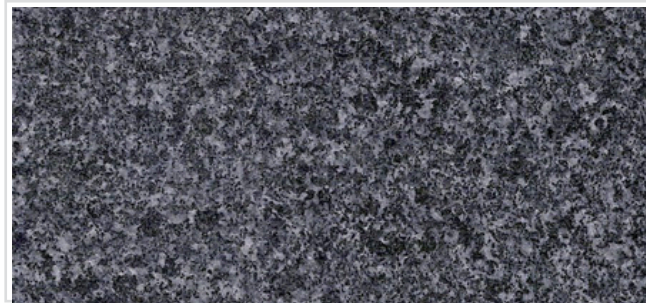

Vietnamese granite is suitable for a variety of applications, including:

- Kitchen and bathroom countertops
- Vanity tops
- Flooring
- Wall cladding
- Stairs and steps
- Outdoor paving
- Commercial and hospitality projects
- Architectural and landscape applications
- Custom-cut stone products
